MANUFACTURERS OF CREATIVE FLOORING 

**alaska®**

---

**low carbon carpet tiles**

## expansive biophilic palette

The refreshed palette of **alaska**® uses 100% **Econyl**® regenerated recyclable solution dyed nylon. This, combined with our **BioBase**® recycled backing makes **alaska**® a **low carbon** carpet tile.

---

**alaska**® is a timeless and tactile design, inspired by the natural textures found in the Alaskan landscape.

---

**alaska**® tiles are available in 16 colours. The expansive biophilic palette and luxurious rippled effect is an ideal choice for commercial interiors.
